

ALTERNANZA SCUOLA-LAVORO 2018/2019

SUIT

What is «Suit»?

Suit is our HR management web app that aims to simplify the process of finding and hiring employees.

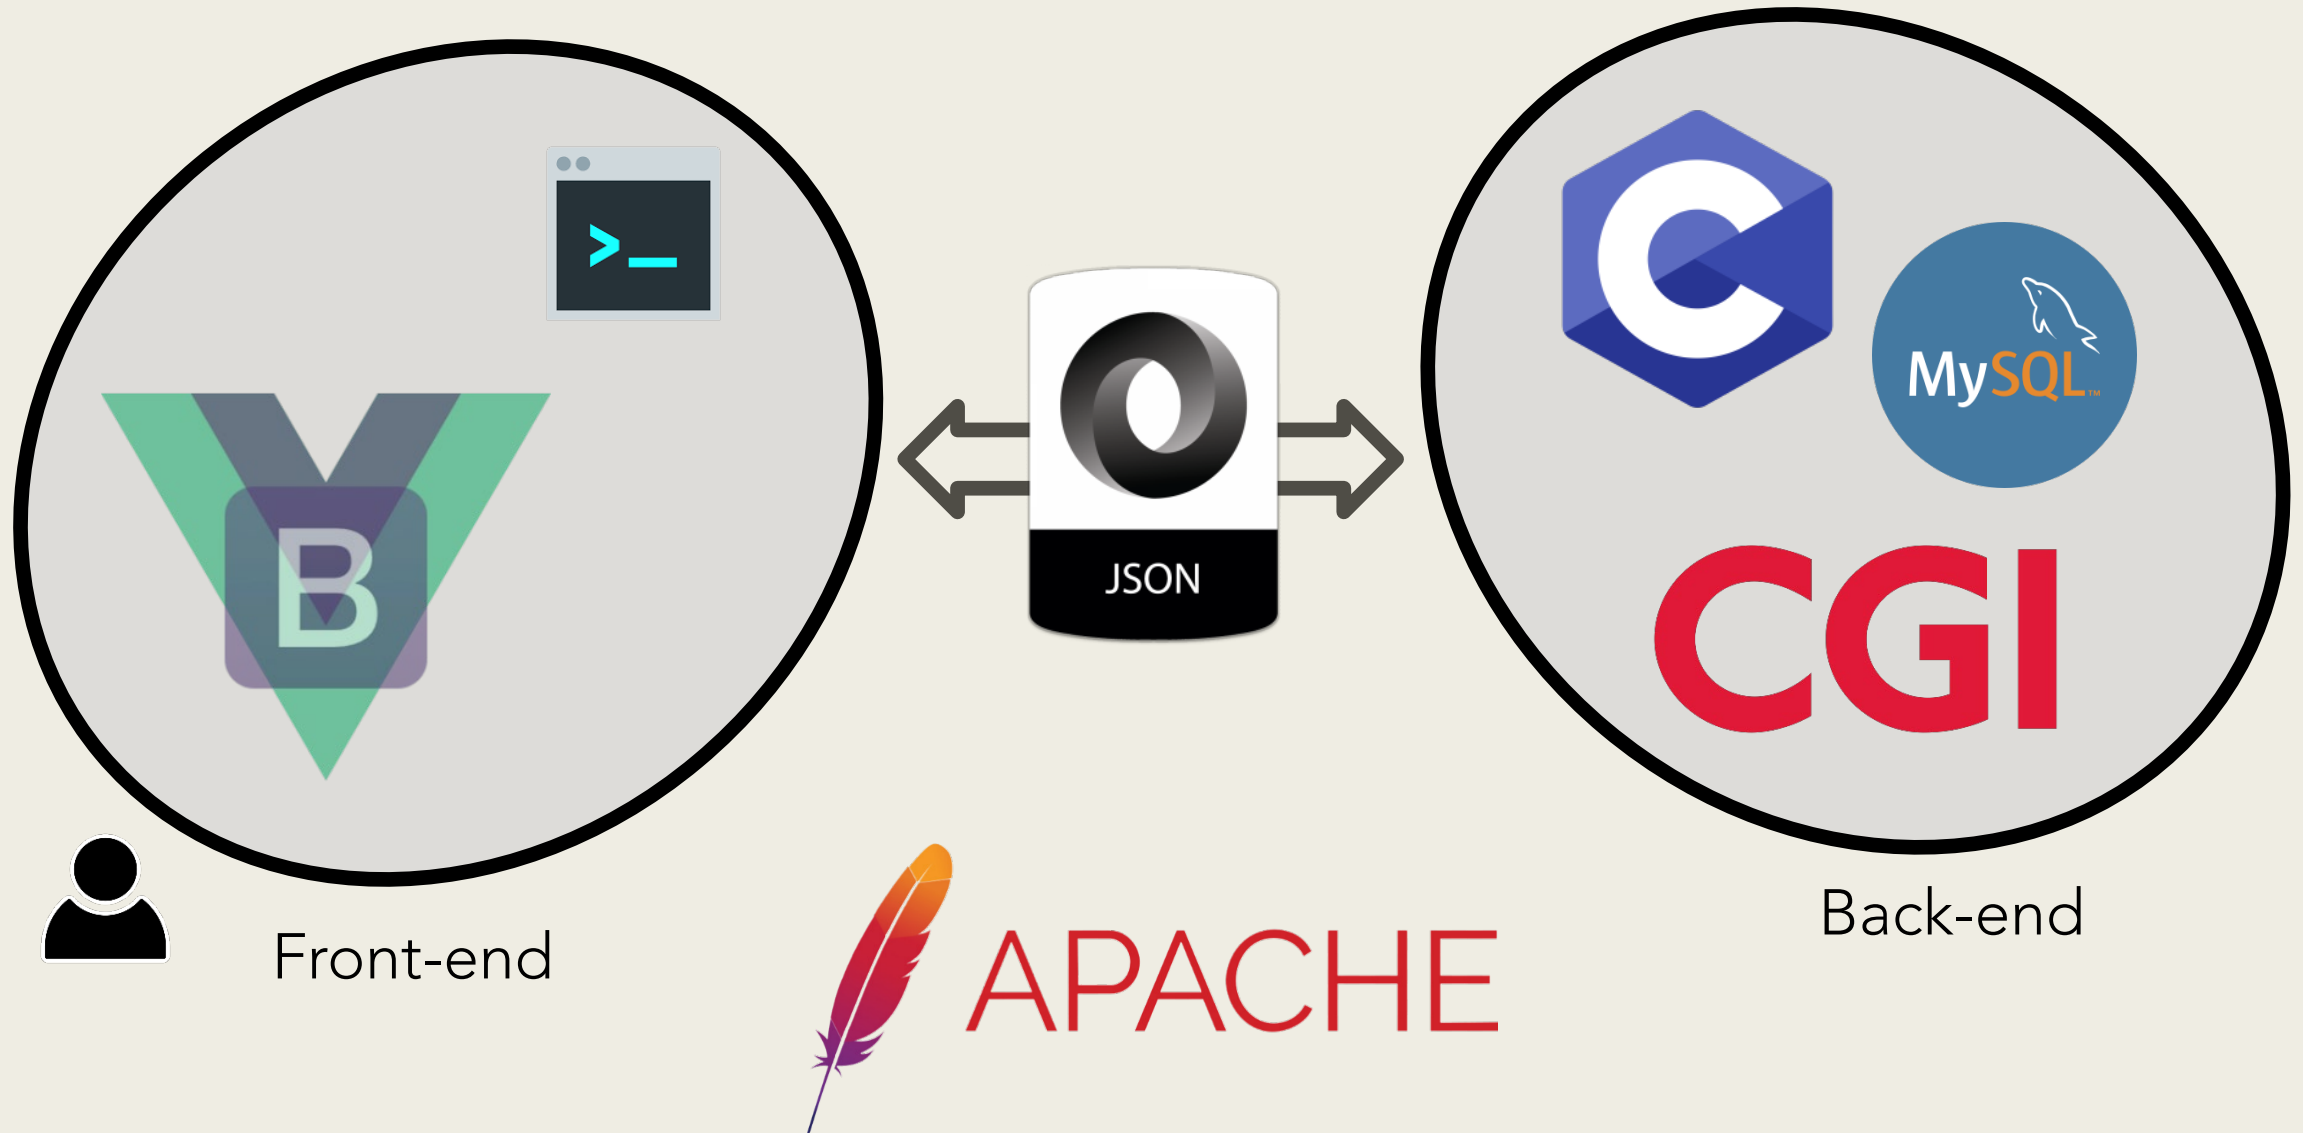

The screenshot shows a web browser window with the address bar displaying 'localhost/suit/new/home.html'. The page features a search bar with the placeholder text 'Type to Search', a settings gear icon, and a blue 'Add candidate' button. Below the search bar is a table with the following columns: 'First name', 'Last name', 'Birth date', 'Salary', and 'Actions'. The table contains six rows of candidate data, each with a set of three icons (vertical dots, pencil, and trash) in the 'Actions' column. The rows are color-coded: the first three are pink, the fourth is green, and the last two are pink.

First name	Last name	Birth date	Salary	Actions
Emanuele	Rizzi	2000-01-01	0	  
Giuseppe	De Santis	2000-01-01	0	  
Giuseppe	Lepore	2000-01-01	0	  
Marcello	Tarallo	2000-01-01	25	  
Martino	Pagano	2000-01-01	0	  
Raffaele	Del Basso	2000-01-01	150	  

How is it made?

How does it work?

The software has a top section which contains the search bar and the filter panel, and the main section which shows the candidates in a table.

The screenshot shows a web browser window with the address bar displaying 'localhost/suit/new/home.html'. The page features a search bar with the placeholder text 'Type to Search', a settings gear icon, and a blue 'Add candidate' button. Below the search bar is a table with five columns: 'First name', 'Last name', 'Birth date', 'Salary', and 'Actions'. The table contains six rows of candidate data, each with a set of three icons (list, edit, delete) in the 'Actions' column. The rows are color-coded: light red for the first, third, fifth, and sixth rows, and light green for the second and fourth rows.

First name	Last name	Birth date	Salary	Actions
Emanuele	Rizzi	2000-01-01	0	  
Giuseppe	De Santis	2000-01-01	0	  
Giuseppe	Lepore	2000-01-01	0	  
Marcello	Tarallo	2000-01-01	25	  
Martino	Pagano	2000-01-01	0	  
Raffaele	Del Basso	2000-01-01	150	  

Search and filters • Search bar

The search bar allows you to search for a candidate by first name and last name using the incremental search method (*case insensitive*).

<input type="text" value="c"/>  					Add candidate
First name	Last name	Birth date	Salary	Actions	
Marcello	Tarallo	2000-01-01	25	  	
Roberto	Clemente	2000-01-01	0	  	
Simone	Cacciapaglia	2000-01-01	25	  	

Search and filters • Filters

The following panel allows you to apply and combine filters for a more detailed search.

Simone	Verna	2000-01-01	0	  

Action list • Details

This button allows you to see all the candidate information.

Martino	Pagano	2000-01-01	0	<div><div><div></div></div><div><div></div></div><div><div></div></div></div>
Raffaele	Del Basso	2000-01-01	0	<div><div><div></div></div><div><div></div></div><div><div></div></div></div>

Notes: He likes team-working.

Contact name	Link
Facebook	https://www.facebook.com/raffaele.delbasso
Gmail	raffydelbasso@gmail.com

The row expands and shows the following information (if inserted):

- Notes about the candidate;
- All the contact links or mails which have been registered.
 - If you click on a web link, you will be redirected to the site you clicked (ex: Facebook profile);
 - If you click on an email, your email client will open.

Action list • Candidate modification

This button lets you edit the candidate information.

Suit x +

localhost/suit/new/edit.html?id=3

First name: Giuseppe ✓

Last name: Lepore ✓

Birth date: 01/01/2000 ✓

Employed: ☐ Yes ☒ No

Salary: no salary needed ✓

Notes: insert notes about the candidate here ✓

Contacts: name (ex: Gmail) ✓ link (ex: mariorossi@gmail.com) ✓ +

OK

Candidate addition

Add candidate

This button lets you add a new candidate. The textfields are red when there is something wrong. Otherwise, they will be green. You can submit a candidate only if all the textfields are green.

Screenshot of a web browser showing a candidate creation form. The form has the following fields:

- First name: (red border, red 'x' icon)
- Last name: (red border, red 'x' icon)
- Birth date: (red border, red 'x' icon)
- Employed: ☐ Yes ☐ No
- Salary: (red border, red 'x' icon)
- Notes: (green border, green checkmark icon)
- Contacts: (green border, green checkmark icon) (green border, green checkmark icon)

At the bottom right are and .

Conclusions

Our software has the goal to help the company during the hiring process.

Coming features:

- *A better interface;*
- *New filters.*

The app might be updated in the future to allow to manage all the employees becoming a more general tool for the company.
