Martino	Pagano	2000-01-01	0	  
Raffaele	Del Basso	2000-01-01	150	  

How is it made?

How does it work?

The software has a top section which contains the search bar and the filter panel, and the main section which shows the candidates in a table.

First name	Last name	Birth date	Salary	Actions
Emanuele	Rizzi	2000-01-01	0	  
Giuseppe	De Santis	2000-01-01	0	  
Giuseppe	Lepore	2000-01-01	0

Conclusions

Our software has the goal to help the company with the hiring process.

Coming features:

- *Add, edit and remove a candidate;*
- *Log-in system;*
- *New filters.*

The app might be updated in the future to allow to manage all the employees becoming a more general tool for the company.
